The above information from the Kinston, Lenoir Industrial Development Commission reflects an overall picture of services and facilities. It should be noted, however, that all of the above are not located within the corporate limits of Kinston. A majority of facilities and services are located within a two mile area surrounding the corporate limits of Kinston.

Water and Sewer Systems

Sewer Service

Sewer service is offered to all areas within the corporate limits of Kinston. Major directions of sewer line extensions have been in a north-west direction where the majority of residential development has occurred since 1960. A class #4 extended aeration treatment plant has been constructed to eliminate the outflow of sewage into the Neuse River. The 1960 sewage service map reflects
